The Downtown Lexington Management District is a property tax improvement district responsible for improving the downtown area. It puts tax dollars to work to enhance downtown through beautification and safety. The goal of the District is to foster economic growth, renew interest in the area by businesses, residents, and visitors, and ultimately increase property values. You can find DLMD ambassadors in purple polos working to improve the downtown area every day to create a Safe Clean Beautiful Lexington.

The Downtown Lexington Management District (DLMD) has been implementing improvements since May 2015. We want to thank you for your support.

Beginning February 2017 Downtown Lexington Partnership (DLP) was contracted to begin managing the district. DLP is a membership-based organization working to promote Downtown as a unique and vibrant place in Lexington for business, residential life and entertainment.
